OCEAN CABLE PUT OUT OF COMMISSION

New York, Nov. 10.—Some violent under-sea disturbance, possibly an earthquake, is believed to have been responsible for the interruption of cable communication with the West Indies during the last few days. Although a message from Kingston, Jamaica, reporting a disastrous wind storm and flood on the island, got through by a circuitous route today, officials of the Commercial Cable company say that such a storm would affect the cable. For this reason it is believed that something unusual has happened to the ocean's bottom.

PHILIPPINE ISLANDS ARE NOT TO BE FORTIFIED

Washington, Nov. 11.—The president has approved the recommendation of the joint army and navy board for making Pearl Harbor, in the Hawaiian Islands, the great naval station in the Pacific. In doing this it was decided that a temporary naval station only would be constructed at Olongapo and that the proposed improvement in Manila harbor would be abandoned. This will leave the protection of the Philippines to the army.

POWDER WORKS OF DUPONT COMPANY ARE BLOWN UP

Wilmington, Del., Nov. 11.—With a deafening report and a shock which caused the whole city and much of the surrounding country to tremble, a press mill and grinding mill at the powder works of the Dupont company, west of Wilmington, exploded today, killing three workmen and injuring seven others.

BANK IS ENTERED AND ROBBED OF \$3,000

Waco, Tex., Nov. 11.—The safe of the State bank at Ben Arnold was blown open early today by three men, who took \$3,000. Citizens shot at the burglars, who escaped in an automobile.

Overhauling of food is very often counteracted by using a teaspoonful of vinegar and one of sugar.

CULEBRA CUT IS NOW HALF COMPLETED.

Washington, Nov. 10.—The cut at Culebra, the backbone of the Isthmus of Panama, was half completed on October 23, according to reports from the canal zone. At that time 39,000,000 cubic yards had been excavated and a similar amount of digging remained to be done. This gigantic cut will be nine miles long and will have a width of three hundred feet at the bottom, which will be forty feet above sea level. At that time the normal level of the water being fixed at eighty-five feet above the sea. Its completion is said to be assured within four years.

MRS. FROHMAN OBTAINS AN ABSOLUTE DIVORCE

Reno, Nov. 10.—Margaret Illington Frohman, wife of Daniel Frohman, the New York theatrical man, was granted an absolute decree of divorce from her husband by Judge Pike this afternoon. The hearing occupied the district court for only twenty-five minutes, but one other witness besides the plaintiff testified. The grounds were non-support. A document accepting service and waiving all right to answer, sworn to by Daniel Frohman, was read during the hearing.

WARRINER SHORTAGE

Mrs. Stewart Will Make Public the Name of Blackmailer

Cincinnati, O., Nov. 11.—While maintaining that \$34,000 is the maximum of the shortage charged against Charles L. Warriner, deposed local treasurer of the Big Four railroad in this city, it is known that the officials are continuing their investigation. A report that at least one high official in the local end of the Big Four had tendered his resignation as a result of the Warriner disclosures went the rounds of railroad circles early today, but no confirmation of it could be had. At the Big Four offices a dozen experienced accountants were engaged in checking over Warriner's books, and those in charge declared there was nothing additional to give out today which would add to the information heretofore made public in statements issued in this city and in the central office in the east.

Mrs. Jeannette Stewart promised interesting developments in the case today. Locked in a safety deposit box under her name, Mrs. Stewart declares that she holds letters from the Chicago man who has been named as one of the blackmailers of Warriner. These, she declares, she will make public at the proper time. "They have pressed me too hard," she said, "and I have to defend myself. I hold these letters and, when I make them public, they'll make those around the Big Four offices sit up and take notice."

Mrs. Stewart declared all of the others implicated in the case have agreed to throw all the burden on her. "And I won't stand it," she added. "I've tried to keep out of this, but they won't let me. I only hope they will let me go before the grand jury. If they don't, I'll bring the whole business into court myself, for I am determined."

Mrs. Stewart called up Mrs. Charles Warriner. They had an extended conversation over the telephone. Mrs. Stewart said, Mrs. Warriner admitted the conversation, but declined to go into details. Asked if she had ever received any money from the Chicago man mentioned as one of the Warriner blackmailers, Mrs. Stewart admitted she had, but said if the money was the fruit of blackmail she did not know it at the time. She reiterated that she never received a cent from Warriner.

L. J. Hackney, general counsel of the Big Four, and J. L. Cox, treasurer of the New York Central system, left today for New York to confer with President Brown, Vice President Harris and other officials of the New York Central lines.

Auditor P. A. Hewitt, who remains here practically in charge of Big Four affairs, said he had not resigned nor did he intend to.

"I don't know of any disposition on the part of my superiors," said he, "to wish my resignation."

ASKS FOR DAMAGES IN THE SUM OF \$1,500

The case of Emilio Calalanni against the Central Coal & Coke company of Wyoming is on trial today in the district court before Judge Howell and a jury. The action is one for the recovery of damages in the sum of \$1,500.

Calalanni had a contract with the coal company for doing a certain amount of work in Mine No. 1 at Rock Springs and his son was helping him. On January 2, 1907, it is alleged the son was riding on a car of coal, driving a horse, when, it is alleged, the car ran off the track, throwing the boy beneath the wheels, which passed over and crushed his left foot. The company is alleged to be negligent in not maintaining safety appliances for its employees.

Damages in the sum of \$1,500 and \$450 wages are asked for.

FRAUDS OF THE TRUST

Man Higher Up in the Sugar Steal Is to Be Disclosed

New York, Nov. 11.—The "Man higher up" in the sugar weighing frauds will be revealed, it was announced today. Government officials declared they had gained evidence making this possible. This is being used as the basis of a federal indictment soon to be filed against an American Sugar Refining company official. Since surrendering the duties of United States district attorney, Henry L. Stimson, acting as a special attorney general, has had in hand the work of building up the government's case against the custom house weighers and employees of the American Sugar Refining company, who are charged with having conspired to defraud the United States out of \$2,000,000 of sugar duties. The inquiry now is approaching a climax.

Mr. Stimson refused to discuss the nature of the evidence.

ECZEMA A GERM DISEASE

Myriads of Microscopic Animals Infect the Skin of the Sufferer.

When the skin of an eczema sufferer itches and burns in untold agony, do you know what is going on within the pores of that skin?

Myriads of microscopic animals are gnawing at the flesh, breaking down the fine cells and causing festering, thick scales and that terrible itch. The germs multiply faster than Nature can throw them off.

Now, there is only one way to get rid of these germs—they must be killed in their breeding places. Dosing the stomach or trying to cure the blood will not, of course, kill the germs, and that is why all the blood remedies fail in eczema; that is also why salves which do not penetrate can do no permanent good.

Ordinary oil of wintergreen properly compounded in liquid form will penetrate the pores of the skin and kill the eczema germs. If properly mixed with thymol, glycerine and other ingredients (as in D. D. D. Prescription) this wash will build up the tissues of the skin and promote its healthy growth. Acting like Nature, a chance, while killing the germs faster than they can multiply.

The Culley Drug Co. of this city, recommend D. D. D. Prescription, also D. D. Soap.

SENATOR ALDRICH SPEAKS IN OMAHA

Omaha, Neb., Nov. 10.—That Senator Aldrich is becoming rapidly westernized his friends will be convinced when he returns to New York and Washington in the morning, wearing a cowboy hat and a pair of cowboy boots. The principal recent addition to his senatorial accoutrement is a pair of leather "chaps" such as cowboys wear. They were presented to him here today by former United States senator Manderson and the presentation, brought in with him, was the most important feature of a noon day luncheon tendered the senator at the Omaha club by Luther Drake, a banker of this city.

Mr. Aldrich did not know what to call the trousers, nor did he make exact promise to wear them, but he accepted them with evident pleasure, and in doing so made a speech which showed that it is possible, after all, for him to give attention to other than financial questions.

Mr. Aldrich arrived early today on his tour in the interest of monetary reform and in addition to his formal speech at the Omaha club, he delivered an address tonight before the Commercial club.

The coming of Senator Aldrich had been anticipated with much interest. He had been advised that here he had been preceded by Congressman Fowler of New Jersey, until recently chairman of the house committee on banking and currency, who was represented to have severely criticized what are supposed to be some of the Rhode Island senator's banking ideas. The senator, however, did not give any special attention to these opposing elements, but those who entertained such hope were disappointed. He did take occasion to refute the idea that his efforts as a legislator are purely in the interest of eastern states, but he did not mention any of his critics by name. He asserted that his efforts had ever been to serve the interests of all sections and all classes.

At the night meeting, Senator Aldrich again went over the work of the commission to date and outlined the labor before it, appealing, as at previous meetings, to bankers and business men to study the question of banking and currency reform.

He dwelt upon the national character of the work, declaring that any change must be in the interest of the entire country. Indeed, he declared that it would be almost, if not quite, impossible to formulate a banking law that would work wholly for the benefit of any one section.

In this connection he spoke of the rapid development of the West, and at the afternoon gathering said:

"I made a trip through southern Kansas in 1881 and I then gave careful attention to the country. I would not have given 50 cents for the whole territory after I left Kansas City. It was marked in my mind, and in the old geographical as the 'great American desert,' and it looked it."

"But now that country is flourishing like a green bay tree. They told me in Kansas City a story of a man who came into a bank about the time of which I speak, and wanted to borrow a thousand dollars to put a roof on his barn. The other day this same man came into the bank and asked the officials about securities and mortgages. When asked what he wanted he replied: 'Well, I have a little sum I would like to invest.' They said: 'How much?' 'Well,' he said, 'I think perhaps I can spare fifty thousand dollars now.'"

CHINESE IN WAR

Feud Threatens to Wipe Out Two Chinese Tong

San Francisco, Nov. 11.—The fifth victim of the On Yick-Yee tong war was shot and fatally wounded early this morning in Oakland by Yee gun man, Jin Kong Fook was the victim. He was just going to work at a Chinese gambling house on Harrison street, which is kept by Gee On, president of the On Yicks, when he was shot.

The Chinese who heard the shooting declare that the members of both tongs are infuriated over the murders in the city and Mountainview and that it has been decreed that all employees and all connected with either tong will be exterminated.

Jin Kong Fook was rushed to the Emergency hospital, but the physicians, after operating, declared that there was little hope for his recovery.

The latest development in the war between the Yee and On Yick tongs, which has resulted in the death of five Chinese since November 2, was the issuance today of warrants for the arrest of Tong King Chong, secretary of the Chinese Free Masons, and editor of the Chinese Daily Free Press, and Gee Hong On, president of the On Yick tong.

The warrants were issued by Police Judge Shortall on complaint of Yee Fun, accusing the men of responsibility for the murder of Yee Fong Hong on the night of November 2. Gee Hong On and Tong King Chong were among the most influential Chinese on this coast.

With the three assassinations yesterday, the lives of three On Yicks have been taken in revenge for the slaying of two Yees in the feud which resulted over the ownership of the pretty slave girl, Bo Gue.

STATE ART INSTITUTE TO BE HELD IN OGDEN

Professor Beauregard of the art department of the Ogden High school, is busily engaged just now making arrangements for the state art institute that will be held in Ogden for two weeks, beginning next Saturday evening at 8 o'clock.

The program for the institute will consist of the exhibition of the works of art from the most prominent artists of the state, a discussion of the various subjects connected with fine art, social functions and general educational work of the institute. The program will be sent out in printed form tomorrow.

Among the eminent artists of the state who will attend the institute are Professor Evans of the State university, Professor Fairbanks and his son Leo of Salt Lake, Professor Wright of Logan and the local artists.

The art institute is a state organization, brought into existence by legislative enactment of the recent legislature, and backed up by a state appropriation. The law requires that the institute convene annually in any locality that may ask for it. Ogden extended the invitation for the meeting to be held here this year.

The institute will be open to the public, and it is said by the educators, it will be a gathering of much interest and benefit. The institute will be held in the high school building, Twenty-fifth street and Monroe avenue.

COLLEGE OF PHYSICIANS FORMALLY DEDICATED

Philadelphia, Nov. 10.—In the presence of distinguished medical men from all parts of the United States and representatives of European societies, the new building of the College of Physicians on Twenty-sixth street, above Chestnut, was dedicated today.

The building, said to be one of the most beautiful of its kind in Europe or America, cost \$290,000, of which \$100,000 was contributed by Andrew Carnegie. The college is distinctly a scientific and not a teaching body.

YOUNG GIRL SHOPLIFTER

Toledo, Ohio, Nov. 10.—Maud Daly, aged 24, who said her home was in Los Angeles, Calif., tearfully pleaded guilty in police court today to the charge of shoplifting. Her sentence, if fully enforced, will require her to serve nearly two years in the county jail. The girl came here from Detroit, November 3, and stopped at a good hotel. She was apprehended in a store while stealing articles.

MRS. U. S. GRANT, JR., DIES OF APOPLEXY

San Diego, Calif., Nov. 10.—Mrs. U. S. Grant, wife of a son of the late President Grant died today of apoplexy. She had been an invalid for years.

Mrs. Grant was 53 years of age. She is survived by her husband and five children, Mrs. U. S. Macy, wife of Lieutenant Macy, U. S. N.; Chaffee Grant, U. S. Grant IV, Julia Dent Grant and Fannie Grant.

She was the daughter of the late Senator and Mrs. Chaffee of Colorado.

TO KEEP OYSTERS.

To keep oysters fresh do not place them where they will freeze, for this ruins an oyster. Place them in glass or earthenware and put them in a cool place. If there is no ice in the refrigerator, it is best to cover them and keep in the coolest part of the house. Small pieces of ice can be placed in the jar with oysters that are to be fried.

Orange or grape fruit salad is quickly made and will help out many a hurry-up meal. Peel the fruit, slice thick and cut into squares. Lay the pieces on lettuce and pour rich French dressing over them.

An exchange says that tin cans used for holding tea, coffee, spices, etc., can be made more convenient if kettle knobs, procurable at almost any general store, are fastened to each lid.

THE SILENCE OF DEATH

Is Upon the West Indies --No One Knows What Has Happened.

New York, Nov. 11.—It is apparent from the reports received today by the cable companies with connections in the West Indies that all the submarine lines throughout the islands, from Kingston, west to Trinidad on the east, have been rendered inoperative by some agency which up to the present time it has been impossible to determine.

The circumstances indicate an earthquake on the floor of the ocean, but to affect the cable lines throughout the breadth of the Indies, such a disturbance would have to be remarkable for its extent and severity.

No serious earthquakes have been reported from any seismograph station nor have the meagre reports from the points in the island of Jamaica, where the cables touch, indicated an earthquake on that island. Jamaica has been visited by a severe storm, with accompanying floods, and this is all that can be learned.

A meagre cablegram from Holland Bay, Jamaica, reports a heavy rain, high winds and enormous sea. The telegraph lines from Holland Bay to Kingston and other interior points are still down. It is reported, however, that communication with Kingston from any of the points from where the cables lands. No mention was made of any earthquake.

Officials of the Western Union Telegraph company here said probably sufficient repairs would be made to permit the transmission of messages. The Royal Mail steamer Ararat, which left Kingston Saturday, arrived here today and reported no unusual weather conditions prevailed when she left Kingston. The Ararat, however, encountered some heavy weather soon after leaving Jamaica.

MME. STEINHEIL TO BE LIBERATED

Paris, Nov. 10.—Testimony today in the trial of Mme. Steinheil, charged with the murder of her husband and her step-mother was distinctly favorable to the defendant.

Mariette Wolf, cook in the Steinheil household, and her son, Alexander, whose appearance was awaited with profound interest, threw no light on the mystery, but by a further mass of contradictions strengthened the impression in the accused woman's favor.

Mme. Steinheil's nurse also retracted her previous deposition, in which she expressed the opinion that the defendant's illness after the crime was simulated and that Maurice Borel, a wealthy merchant, was the state's witness. Mrs. Steinheil desired to marry, testified to his absolute belief in her innocence.

The state's circumstantial case against Mme. Steinheil seems to be breaking down and it is already rumored that the trial may be abandoned and a new investigation ordered. Anti-Dreyfus papers like the Libre Parole and the Paris, have again begun to revamp their previous insinuations that the crime involved a political plot for the destruction of evidence regarding the death of ex-President Felix Faure, which the anti-Dreyfusards never have ceased to claim was due to foul play, because, as they alleged, M. Faure opposed the revision of the Dreyfus case.

Louis Anethene Gregori, who shot Major Dreyfus at the canonization of Zola in the pantheon in 1908, has written an open letter to reveal the truth, claiming, demanding that he be heard on the subject of the death of the former president and the anti-Dreyfusards seek to give color to their insinuations by emphasizing the veiled threats which Mrs. Steinheil repeatedly made in open court to reveal her relations with prominent men in every walk of life should she be driven to bay.

Judge De Valles, however, evidently assumes that former intrigues have no bearing on the case, and twice has practically defied her to draw in what ever scandal and names she pleased. "You may name whom you will," he said to her.

MINISTERS LEAD A RAID

Leavenworth, Kan., Nov. 10.—Two ministers today led a raid upon a place here and seized twenty cases of beer and two jugs of whisky. Yesterday was pay day at Fort Leavenworth and the "pay day" joints sprang up in several places. The ministers discovered where a number of soldiers were buying liquor. They told the police, who accepted their offer to lead the raid.

WYOMING CATTLEMAN GUILTY OF MURDER

Basin, Wyo., Nov. 11.—The jury in the case of Herbert L. Brink, one of the seven cattle men charged with the murder of three sheepmen in the Ten Sleep country, returned a verdict of murder in the first degree today. The verdict carries with it a death sentence.

Six ballots were taken by the jury before the verdict was reached. The first ballot stood eight for murder in the first degree, two for murder in the second degree and two for acquittal. The verdict was reached at 1 o'clock this morning.

RAILROAD SHOWS BIG INCREASE IN INCOME

New Haven, Nov. 10.—The report of the New York, New Haven & Hartford railroad for the quarter ending August 30, 1909, shows the operating income revenues to be \$6,335,282, an increase of \$1,627,866. The gross corporate income was \$7,442,887, an increase of \$1,509,327, and the net corporate income \$3,315,536, against \$1,884,332 for the same quarter in 1908.

SPokane, Wash., Nov. 10.—Snatching a wallet containing \$15,000 worth of diamonds from the counter in a local jewelry store today, J. B. Brown ran out of the door and down the street. Soon several hundred citizens were in pursuit. Brown drew a revolver and fired twelve shots at his pursuers, reloading as he ran. Even this did not check the throng, which chased him into an alley, where the breathless thief surrendered. He had thrown away the diamonds in his flight, but the packet was found by a messenger boy.
